

THE MYOFOCUS MASTERCLASS IN MYOFUNCTIONAL TREATMENT OF PAEDIATRIC MALOCCLUSION

Join Dr Donny Mandrawa and Dr Dan Hanson with 4 of the most experienced Myofocus Practitioners who will present interesting cases which have been treated using Myofocus Protocols.

WHY SHOULD YOU ATTEND?

Whether you are new to myofunctional work, or whether you are an experienced practitioner, this is a great chance to learn from the experience of some of the best Myofocus myofunctional practitioners. Many of these practitioners have been doing myofunctional work for many years. However, in the last 2 years they have introduced new and innovative protocols such as the trademarked Myofocus 'Take Off' OMT system and the Myofocus philosophy of a collaborative inter-disciplinary approach to care, using a number of different appliance systems.
